The Seaway & Wright Advantage

Seaway & Wright Plastics have been well established in the **medical, aerospace, defense, and precision industrial** markets since the 1970s. Our 220+ highly experienced team members and quality management systems work to support these highly regulated industries. With 3 facilities covering the east and west coasts, Seaway & Wright Plastics continues to support the needs of businesses with complex challenges in different locations and different industries.

Why Seaway & Wright Plastics

- Focused in highly regulated industries to provide outstanding service & products
- On-site tool making & repair facilities
- Over 90% of new molds completed & sampled in 4-6 weeks
- Two-shot, insert, & over-molding capabilities
- All parts manufactured in USA

Engineering Services

- Design for Manufacturing (DFM)
- Mold Flow Analysis
- Experienced project management team
- Committed customer service

Tooling & Molding Resources

- 50+ molding machines ranging from 30 to 950-ton
- 15+ CNC Machines including 5 Axis
- EDMs including Makino Wire & Makino Sinker CNC
- Fully equipped tool room
- 10-ton crane
- White room molding & assembly
- ISO Class 7 & 8 Clean Room Molding & Assembly

Post Production Services

- Assembly
- Sonic Welding
- Heat Staking
- Thermal/Ultrasonic Inserting
- Post Molding Machining
- CNC Machining
- Ultrasonic Cleaning
- Laser Marking
- Painting (full decorative painting capabilities)
- EMI/RFI Shielding
- Pad Printing
- Form In Place Gasketing

Inspection Capabilities

- Micro-Vu Vision Systems
- Color Spectrometers
- Moisture Analyzer
- PPAP (Production Part Approval Processes)
- FAI (First Article Inspection)
- IQ, OQ, & PQ
- Full Part & Assembly Process Validations
- CMM Measurement

Fulfillment Capabilities

- Blanket Orders
- Kanban Systems Orders

Facilities

- Port Richey, FL
 - HQ & Engineering Center
 - Low to Mid Volume
- Brooksville, FL
 - Mid Volume with High Volume Capacity
- Santa Rosa, CA
 - FDA Registration
 - Automation
 - Green Certified
 - All Volumes

Certifications & Registrations
